BAJARANGEE KUMAR JAISWAL

Assistant Manager – EHS | 9+ Years in Highway, Expressway & Bridge/Structure Construction

NEBOSH IGC | ISO 45001:2018 Lead Auditor | Diploma in Fire Safety Management

+91-7310181309 | bkjaiswal3399@gmail.com | Kushinagar, Uttar Pradesh – 274304

Applying For: Assistant Manager – EHS / Manager – EHS (Highway, Expressway, Bridge & Structure Projects)

CAREER SUMMARY

Results-driven EHS professional with 9+ years of progressive experience managing Environment, Health & Safety operations on large-scale National Highway, Expressway and major bridge/structure construction projects across India. Skilled in EHS planning and execution for structure works including ROBs (Road Over Bridges), Flyovers, VUPs (Vehicle Underpasses), LVUPs (Light Vehicle Underpasses), PUPs (Pedestrian Underpasses), box culverts, minor/major bridges and retaining walls, in addition to mainline earthwork, pavement and ancillary highway works. Proven track record in achieving Million Free Man-Hour milestones, conducting ISO 45001:2018 internal audits, and building a strong safety culture across diverse contractor and sub-contractor workforces.

CORE COMPETENCIES

- ✓ EHS Plan Development & Implementation
- ✓ ISO 45001:2018 Lead Auditor
- ✓ Permit to Work (PTW) Systems
- ✓ Incident / Accident Investigation (RCA)
- ✓ Crane, Lifting Gear & Heavy Equipment Safety
- ✓ Emergency Response Planning & Mock Drills
- ✓ Safety Audits, Inspections & TBTs
- ✓ Waste Management
- ✓ Structure Safety – ROB / Flyover / VUP / LVUP
- ✓ Risk Assessment, JSA & HIRA
- ✓ Working at Height & Fall Protection
- ✓ Excavation, Shoring & Confined Space Safety
- ✓ Formwork, Scaffolding & Shuttering Safety
- ✓ Environmental Compliance (CTE/CTO, ISO 14001)
- ✓ Contractor / Sub-contractor Safety Management
- ✓ MIS / MPR Reporting & Documentation

PROFESSIONAL EXPERIENCE

Assistant Manager – EHS — Feb 2025 – Present

Montecarlo Limited

Jalna–Nanded Expressway (Package-05, 6-Lane, 38.3 km) | Client: MSRDC | Project Cost: ₹2,600 Cr | Structures: ROBs, VUPs, LVUPs, Minor & Major Bridges, Box Culverts

EHS Officer — Jul 2023 – Feb 2025

Vishwa Samudra Engineering Pvt. Ltd.

Delhi–Amritsar–Katra Expressway NH-44 (6-Lane, 35 km) | Client: NHAI | Project Cost: ₹1,870 Cr | Structures: Flyovers, ROBs, VUPs, PUPs, Major Bridges

EHS Officer — Mar 2021 – Jun 2023

Airef Engineering Pvt. Ltd.

Solan–Kaithlighat Road Project NH-5 (4-Lane, 29 km) | Client: NHAI | Project Cost: ₹620 Cr | Structures: Hill-terrain Retaining Walls, Box Culverts, Minor Bridges

EHS Officer — Dec 2019 – Mar 2021

GHV India Pvt. Ltd.

Davangere–Haveri Road Project NH-48 (6-Lane), Karnataka | Client: NHAI | Project Cost: ₹700 Cr | Structures: VUPs, LVUPs, Culverts

EHS Senior Supervisor — Sep 2018 – Dec 2019

Dilip Buildcon Limited

Nidaghatta–Mysore Road Project (6-Lane, 35 km) | Client: NHAI | Project Cost: ₹2,283.5 Cr | Structures: ROB, Major & Minor Bridges

Key Responsibilities (Across All Projects)

General EHS Management

- Developed and implemented comprehensive **Project EHS Management Plans** and site-specific Risk Assessments/JSAs covering mainline highway works, interchanges and all structure locations.
- Conducted internal audits in accordance with **ISO 45001:2018** standards and closed out non-conformances through corrective/preventive action tracking.
- Managed **Permit to Work (PTW)** systems (Height, Excavation, Hot Work, Confined Space, Lifting) and ensured 100% compliance across all work fronts.
- Led accident/incident investigations using **Root Cause Analysis (RCA)**; implemented and monitored corrective and preventive actions (CAPA).
- Delivered **Toolbox Talks (TBTs)**, induction and refresher training programs for employees, supervisors and third-party contractors (TPCs).
- Organised monthly Safety Committee meetings, **mock drills**, and safety campaigns (National Safety Day, Road Safety Week).
- Monitored environmental compliance with CTE/CTO conditions; oversaw air quality, noise levels, water contamination control and waste management.
- Maintained **MIS/MPR** (Monthly Information System / Monthly Progress Reports) and coordinated with clients, consultants (Authority Engineer/IE) and stakeholders on all EHS matters.

- Achieved and sustained **Million Free Man-Hour** milestones across multiple highway and structure packages.

Structure-Specific Safety – ROB, Flyover, VUP, LVUP, Bridges & Culverts

- Prepared and enforced structure-specific EHS/HIRA plans for **Road Over Bridges (ROB)**, **Flyovers**, **Vehicle Underpasses (VUP)**, **Light Vehicle Underpasses (LVUP)** and **Pedestrian Underpasses (PUP)**, addressing hazards unique to each structure type at design and execution stage.
- Supervised safety during **deep foundation works** — pile boring, pile cap and open/well foundations near live traffic and utilities — enforcing barricading, signage and exclusion zones.
- Ensured safe erection and dismantling of **shuttering, staging and centering** for pier, pier cap, abutment and box girder/segment casting, verifying load calculations and stability checks before pour.
- Monitored **working-at-height** activities on pier tops, cap beams, deck slabs and parapets, ensuring 100% use of full-body harness, lifelines, guardrails and edge protection as per fall-protection SOP.
- Oversaw safe operation of **launching girders, cranes, hydra and gantry systems** during segment/girder launching and erection, including rigging plans, lift studies and exclusion-zone enforcement for VUP/LVUP box-pushing and ROB girder erection.
- Controlled **excavation and shoring** safety for box culvert, VUP/LVUP box laying and retaining-wall works, including shoring design verification, gas testing and confined-space entry permits.
- Coordinated **traffic management and diversion plans** around ROB/flyover approach ramps and underpass construction zones to protect workers and road users, in line with IRC SP-55 guidelines.
- Conducted pre-pour and pre-erection safety checklists, third-party inspection coordination, and joint walk-downs with the Authority Engineer for all major and minor bridge structures.
- Ensured safe utility shifting/protection (power lines, pipelines) works carried out in proximity to structure locations prior to foundation and substructure activities.

QUALIFICATIONS & CERTIFICATIONS

Qualification / Certification	Institution	Year
Advanced Diploma in Industrial Safety	MSBTE (Maharashtra)	Pursuing – Expected 2027
NEBOSH IGC	3S Life Safe Akademie	Completed Oct 2025
OHSMS ISO 45001:2018 Lead Auditor	Nviron Consulting Pvt. Ltd.	Completed Feb 2025
Civil Engineering	JS University, Sikohabad (UP)	2024
Diploma in Fire Safety Management	JS University, Sikohabad (UP)	2018
Intermediate (Class XII)	Uttar Pradesh Board	2017
High School (Class X)	Uttar Pradesh Board	2015

ADDITIONAL TRAINING

- ✓ Accident / Incident Investigation
- ✓ Power Tools Inspection & Safe Use
- ✓ Fire Extinguisher Handling & Mock Drills
- ✓ Environmental Compliance Monitoring
- ✓ Bridge & Structure Erection Safety (Girder/Segment Launching)
- ✓ Confined Space Entry & Rescue
- ✓ Emergency Preparedness & Response
- ✓ Behaviour-Based Safety (BBS)
- ✓ Lifting Gear (LG) Handling per EHS SOP
- ✓ Working at Height – Fall Protection Systems

PERSONAL DETAILS

Nationality:	Indian	**Languages (Spoken):**	English, Hindi, Bhojpuri
Marital Status:	Unmarried	**Languages (Written):**	English, Hindi
Location:	Nanded, Maharashtra (current)	**Health:**	Good & Sound

I hereby declare that the information furnished above is true and correct to the best of my knowledge and belief.

Date: 26 October 2026 Place: Nanded, Maharashtra, India
